Austro-Germans Cross Danube River After Fierce Fight With Serbians

MILLION SERBS OF BOTH SEXES READY TO FIGHT THE INVADERS

Three Hundred Thousand Refugees in the Field, and Women and Old Men Arming to Join in Resisting Austro-Germans and Bulgarians—British Gain Ground Steadily at Loos—Germans Secure Only Temporary Footing—French Continue Hot Artillery Fire.

Paris, Oct. 11, 2:35 p. m.—The only news of the night, according to the French official announcement made public this afternoon, is of fairly severe bombardments on the part of the Germans near La Scarpe in the Champagne district and in the region of Souain. The French batteries everywhere replied effectively.

Later information confirmed previous reports that the German counter attacks of recent days in front of Loos have resulted only in a serious and costly check. The Germans left a number of dead in front of the allied lines which is estimated at between 7000 and 8000 men.

The text of the communication follows:

"There has been reported during the night nothing more than fairly severe bombardments on the part of the artillery of the enemy at a point to the north of La Scarpe and in the Champagne district, against positions to the rear of our line as well as in the region of Souain. Everywhere our batteries made efficient reply."

"Further information concerns previous reports that the violent counter attacks delivered by the Germans during the past few days, against the British and French fronts in front of Loos and to the north of this point have resulted in a grave and costly check. The principal assault was delivered by an effective force of between three and four divisions which was completely repulsed and dispersed."

"The number of dead left by the enemy on the ground in front of the lines of the allies is estimated at a total of between 7000 and 8000 men."

Germany Leave Many Dead.

The Germans left dead estimated at between 7000 and 8000 in number in front of the allies' lines after their ineffective assaults of the last few days in the vicinity of Loos in northern France, according to today's statement of the French war office which alludes to the outcome of the fighting as "a grave and costly check" to the Germans.

Much importance attaches to the meeting today of the Greek parliament at which the new cabinet's declaration of future policy in connection with the war is expected.

King of Greece Ill.

King Constantine of Greece again is ill and is confined to his room, according to advices through Berlin. Paris gets reports that three-quarters of Belgrade, which now is in Teutonic hands, was destroyed by the shell fire of the Austrians and Germans whose drive into Serbia is now in full swing.

It is hinted in an Athens dispatch that a much larger allied force than had been reported constitutes the expedition being landed at Saloniki for service in Serbia.

Reports from Bucharest are that Bulgarian troops are digging trenches near the Rumanian frontier and that artillery also has been brought up.

Review of War Situation.

London, Oct. 11, 1:05 p. m.—The Austro-German armies which crossed the Danube and Save rivers and occupied Belgrade are meeting with stubborn resistance of the Serbian advance guard but have not yet come in contact with the main Serbian forces.

The Serbians' plan of campaign depends considerably upon the amount of assistance they will receive from allied troops, but it is not believed that they will attempt in any event to make a decided stand north of the mountain range near Kraguyevatz, which they already have proved to be a line offering superb facilities for defense.

Telegrams from the Balkans, though not minimizing the seriousness of the Serbian position, reflect a tone of cheerful confidence in the ability of the allies ultimately to check the Austro-German invasion and successfully meet any future attack from the side of Bulgaria. The natural danger, say these telegrams, has united Serbia as never before and throughout the country men physically unfit for the regular army, and women and old men are arming for the defense of the country.

Macedonian Serbia Gathering.

The population of Macedonian Serbia has gathered into bands of the object of repulsing a possible Bulgarian attack. In addition to 300,000 soldiers, a million Serbians of both sexes and all ages are said to be

ready to dispute all attempts at Austro-German-Bulgarian conquest.

The suspense attending the initiation of the Bulgarian campaign is puzzling military writers here, but is considered as probably due to the fact that the country still required several weeks to complete mobilization when the Russian ultimatum was sprung upon it.

German Attacks at Loos Subside.

In the western theatre of the war the German attack in the vicinity of Loos appears to have subsided, having accomplished nothing excepting the securing a temporary partial footing in some trenches from which the assaults of the allied line afterwards were expelled. Since October 4th, according to Field Marshal Sir John French, the only change of consequence on the Loos front has been a steady gain of ground by the British between Hill No. 70, which is the key to the situation, and Hulluch.

London, Oct. 11, 10:30 a. m.—British casualties reported since October 1 amount to more than 2000. The weekend casualty list published today gives 200 officers and 4300 men. This brings up the total casualty list published in the London newspapers since October 1 to 981 officers and 20,351 men.

London, Oct. 11, 10:25 a. m.—The British steamer Thorpeford, 3219 tons gross, has been lost. There was no loss of life.

Third Hungarian Loan.

Budapest, Oct. 11, via London, Oct. 10, 28 a. m.—The third Hungarian revenue loan will be opened November 1 and will be offered in sums ranging from fifty to ten thousand crowns. (A crown is worth about 20 cents), tax free at 6 per cent interest payable every six months.

Foreign Minister Overworked.

Paris, Oct. 11, 9 a. m.—The foreign minister Theophile Delcasse, who is indisposed, will be obliged to keep to his room for several days. He is exhausted from overwork. Premier Viviani will continue the direction of the foreign ministry during his absence.

Greek Steamer Sunk.

Paris, Oct. 11, 9:30 a. m.—The Greek steamer Dimitrios, owned in Andros, was torpedoed October 6 by an Austrian submarine southeast of Sicily, according to a communication from the British legation to the Havas correspondent at Athens. The crew was saved by a French oil steamer.

The loss of the Dimitrios was announced in London yesterday, but no details were given as to her fate, or how she was sunk.

DESPERATE FIGHT WITH SERBIANS

Terrible Battle With Bayonets Rages for Two Days in Streets of Belgrade.

UNABLE TO HOLD LINE

Bitter Opposition to Austro-German Advance—Serbians Pushed Back Step by Step.

Budapest, Oct. 11, via London.—The Austrians and Germans encountered desperate resistance from the Serbians at Belgrade, and for two days a terrible battle with bayonets raged in the streets before the capture of the city was completed.

Describing these operations Azeist says: "Our gain of ground and the breadth of our march into Serbia continues to increase. Despite all efforts of the Serbians, in whose ranks are British officers, and who use British artillery, the river crossing has been accomplished according to official plans."

Serbian Fight Desperately.

"The enemy attempted with all means at his disposal to hold his line

of defenses. He subjected those of our troops who crossed the river to a murderous fire, the latter, nevertheless succeeding in reaching Serbian territory."

"A severe battle raged about Belgrade, where the Serbians offered particularly bitter opposition. Nevertheless we succeeded in reaching the newly installed connections over the Save and invaded the northern portion of the city, where our troops remained until reinforcements arrived."

"A bloody battle followed in the alleys. In the northern part of Belgrade a terrible encounter with bayonets raged for two days and nights. The Serbians were pushed back step by step in these fights and finally had to surrender the whole city."

SERBIANS STOP AUSTRO-GERMANS

Belgrade Only Point at Which Teutonic Foe Has Gained a Foothold.

Paris, Oct. 11, 9:35 a. m.—One hundred and fifty thousand Austro-German troops have crossed the Save and Danube rivers into Serbia, according to reports in diplomatic circles at Athens, says the correspondent of the Havas agency. These troops were stopped by Serbian artillery before they could penetrate beyond the border. It is asserted, and Belgrade is the only point at which they have gained a foothold on Serbian soil.

Germans in Athens are credited with having circulated a report that the entire allies had been unable to send a sufficient force to help Serbia and had renounced the expedition, but the forwarding of Anglo-French troops from Saloniki continues interruptedly.

The Havas correspondent says cryptically "the importance of the expeditionary corps surpasses the numbers given hitherto."

BULGARIANS NEAR RUMANIAN LINE

Troops Being Concentrated, Trenches Constructed and Artillery Placed Within Three Miles of Frontier.

Paris, Oct. 11.—A Havas dispatch from Bucharest filed October 5, but delayed by the censor, says:

"Reports from Dobrudja tell of the concentration of Bulgarian troops in cantonments about three miles from the Rumanian frontier. These troops are engaged in constructing trenches and at one place the presence of artillery is reported."

"The newspaper Roumanie declares Rumania should intervene in the new theatre of war and that she cannot keep her sword sheathed without risk of compromising her interests and honor."

FIGHTING IN THE MOSCOW STREETS

Civilians Build Barricades—Eight Higher Officials and 27 Policemen Wounded.

Berlin, Oct. 11, by Wireless to Sayville.—Under the heading "Fighting in Moscow's Streets," the following was given out today by the Overseas News Agency:

"It is now learned that on September 27 the civilians in Moscow built barricades in the city. Eight higher officials and 27 policemen were wounded. Of the civilians three were killed and twelve killed."

"Among the dead was a student whose body was left all night in the street. The students went on strike in protest and there were great demonstrations at the funeral. The president of Moscow university signed a proclamation concerning the death of the student. He was asked for an explanation but his answer was suppressed by the censor."

"Other street fights are reported in St. Petersburg, Kharkov, Rostov and Odessa. In each instance small riots led to serious disorders."

EARTHQUAKES IN EUROPE.

Stuttgart, Germany, Oct. 11, via Wireless to London, 8:22 a. m.—The seismometer at Stuttgart observatory has recorded strong earth vibrations for the past 24 hours. The disturbances apparently have been central in Europe. Earth tremors were felt at Marlenbad during the morning.

SCORE IS 2 TO 1

Speaker at Bat and Paskert in Field Carry Off Honors.

A RECORD CROWD

Alexander and Leonard Break Even on Number of Hits Against Them.

Braves Field, Boston, Oct. 11.—The Boston Braves again turned the trick with a ninth-inning finish, defeating the Phillies, winner of the National league pennant, by a score of 2 to 1, before 42,300 people, the largest crowd that ever saw a world's series.

"Dutch" Leonard, the Red Sox portside flinger, held the Philadelphia helpless throughout the game, permitting them to score in only one inning. Speaker's batting featured the game, while Paskert roamed the outfield for Philadelphia and cut off several hits. Hooper's hit, a sacrifice, an infield, out, and Lewis' smash to center put over the final run for Boston.

The official score:

Burning of Records Proves to be an Outrageous Lie

Investigation at Police Station Discloses That All Records Are Intact—Fearing That the Present Police Officials Had Destroyed the Municipal Court Records, I. L. Fulton, Clerk of Police Court, Was Interviewed and He Declared His Books Were in Perfect Condition—Thomas Lever Seen by Former Chief of Police.

When the Standard editor read the charge in this morning's Examiner that the police records were burned, he at once feared that, in addition to the many other misdeeds of the present city government, the officials had deliberately burned the police records in order to throw odium on the previous administration, but the Standard is pleased to announce that the present administration has not added such a crime to the many other blunders that have been perpetrated by the present city government.

An investigation of the city records show that no police records were burned; that no records are missing; that they are all intact.

Chief Clerk I. L. Fulton of the police court was first interviewed and asked if any of his records of the police department, were missing, and Mr. Fulton said, none that he knew of. A personal investigation was then made of the records in his office and the records were found complete, showing the name of every man that was prosecuted in the police court during the so-called Glasmann administration. Not even one case had been torn out of the records or mutilated.

Desk Sergeant Wilson, who has charge of the police office for one shift each day, was asked if he knew of any records missing or that had been burned. Mr. Wilson said that he knew of none. He said he did not know if any had been burned and could not say if some had been burned, but so far as he knew the records of his office were complete.

Thomas E. Browning, who was chief of police during the last Glasmann administration, was seen and said: "There is absolutely no truth in the statement. I did not retire when Mayor Glasmann did. I continued in office several months and I left the records intact and, if any are missing, they were destroyed under the present city administration instead of under the Glasmann administration."

Mr. Browning further said that he called at the police station and found the original blotter he kept, entering every arrest made, intact and open for inspection to anyone.

Judge Reeder of the police court was seen and asked, the pointed question if he knew of any police records missing. At first he knew refused to be interviewed, but when it was put straight to him that he was a public officer and that it was his duty to answer the question, he stated that so far as he knew the records were complete.

Thomas Lever was seen by ex-Chief of Police Thomas E. Browning, who requested him to make a statement for publication. Mr. Lever refused to say anything for publication.

The ex-chief then said: "Mr. Lever, I want you to make a truthful statement about this matter."

Mr. Lever replied that he "would say nothing for publication until Chief of Police Norton returns."

It is stated that Chief Norton has gone to his ranch in Boxelder county. It is learned from friends of Mr. Lever that he keenly feels the false position in which the Examiner has placed him. One gentleman said that

Mr. Lever told him in confidence that he never burned anything but rubbish from the waste-paper basket and that he never said he burned any official police records.

William Glasmann, on this page, offers a reward of \$1000 for the proof of the Examiner story. This is the fourth reward Mr. Glasmann has offered during this campaign for the Examiner to prove some of its lies, as follows: One \$100 reward, one \$200 reward, one \$500 reward, and the present \$1000 reward, yet the Examiner has not dared to present the proof for any one of them.

TEUTONIC FORCES CROSS DANUBE

Heights South of Belgrade Are Captured and Further Attacks Proceeding.

ARTILLERY FIGHTING

Battles Develop on the Front Between Sabav and Grand Isle.

Berlin, Oct. 11, via London, 4:30 p. m.—Attacks by the Austro-German forces which are invading Serbia are proceeding to the south of Belgrade, it was officially announced today. The announcement adds that the crossing of the Danube by the invading forces had been completed.

The announcement respecting operations in the Balkan theatre is as follows: "Further battles developed on the Drina, on the front between Sabav and Grand Isle. The crossing of the Danube has been completed."

"South of Belgrade the heights between Zarkovo and Mirivjo have been captured. Further south the attack is proceeding."

"The position at a bend of the river has been stormed. Further down the Danube near Orozco local artillery fighting is taking place."

"Thus far German troops have taken prisoner fourteen officers and 1542 men. They have captured eleven cannon, including several heavy ones and five machine guns."

CONVERTS ARE THE GUESTS OF BISHOP

Dr. and Mrs. A. L. Brown, formerly of Gilhall, Vt., are visiting in Ogden at the home of Bishop and Mrs. M. B. Richardson. They recently became members of the Mormon church and came to Utah to make their future residence. Shortly before leaving Vermont, they had as their guest Elder Myron B. Richardson, jr., who is now doing missionary work in the Eastern States mission. The young man's many local friends will doubtless be pleased to learn that he is enjoying excellent health and doing well in his new field of labor.

Dr. and Mrs. Brown are to leave in a few days for Glendale, Utah, where the former will take up the practice of his profession.

INVESTIGATING CLEVELAND FIRE

National Carbon Company, Engaged in Filling War Orders, Loses Fifty Thousand Dollars.

Cleveland, Ohio, Oct. 11.—Investigation was begun here today of a fire early this morning in the plant of the National Carbon company engaged in filling war orders, which caused \$50,000 loss. Warehouses containing goods ready for shipment to Europe were consumed.

VILLA GOVERNOR MAKES DEMAND

American Smelting and Refining Company Commanded to Refine Confiscated Ores.

COLONIES IN DANGER

Grave Anxiety Felt for Welfare of Mormons in Casas Grandes, Mexico.

El Paso, Tex., Oct. 11.—The seven striking employees of the copper companies of the Clifton-Morenci, Arizona district who left the strike field late last night to confer with the mine managers here upon a settlement, arrived here today. Up to noon they had not met the managers. Sheriff Cash and Adjutant General Harris who brought the delegation, were in close conference with the mine managers.

These colonists have already reported deprecation by the Villa force, but have refused to leave their properties although repeatedly urged by the state department.

Depredations of Villa Forces.

In connection with this feature of the situation word was received in Juarez today that Villa governor Avila at Chihuahua City has demanded of the American Smelting & Refining company that it refine and coin "government ores" in penalty of confiscation and operation by the Villa force there. "Government ores" are understood to be ores confiscated from foreign properties.

It is refined here that the American Smelting & Refining company, out of consideration for the welfare of the Mormon colony at Casas Grandes will consider the demands of Governor Avila.

Grave anxiety is felt for the welfare of approximately 500 members of the Mormon colonies of the Casas Grandes district, when the Villa forces reach there and the fighting begins.

OGDEN STAKE M. I. A. WORKERS IN THEIR CONVENTION

The Ogden Stake Mutual Improvement association workers met yesterday in their annual convention, sessions being held in the Weber academy in the morning and in the Fourth ward meeting house in the afternoon and evening. Each session was marked with a large attendance of officers, teachers and visitors and the plans for the coming season were discussed with much enthusiasm.

The principal speakers at the convention were Oscar Kirkham and Edward H. Anderson of the Y. M. M. I. A. general board and Miss Charlotte Stewart of the Y. L. M. I. A. general board. Their addresses at the different meetings concerned all of the outlined subjects and were followed by general discussions. Special musical numbers were furnished during the day and evening by Miss Mary Fisher, violinist; Robert Greenwell, baritone; Miss Annie Williamson, soprano, and the Eighth ward quartette.

At the evening session, the speakers were E. H. Anderson and Miss Stewart and in their talks they expressed the feeling that the convention had been highly successful and that it would result in much good for the young people of the stake during the coming season.

FUNERAL FOR DR. HOLDER.

Pasadena, Cal., Oct. 11.—Funeral services will be held tomorrow for Dr. Charles Frederick Holder, naturalist and author, who died yesterday at his home here after an illness of ten days from an affection of the heart. He left a widow.

\$1,000 Reward

I offer the above sum of money for the legal proof that any official police records were burned during my administration as mayor of Ogden, by my authority or the authority of ex-Chief of Police Thomas E. Browning; this offer and reward to be binding on myself, my heirs and assigns, for a period of one year from date, October 11, 1915.

WILLIAM GLASMANN.
